

GHETTO PHYSICS

SPECIAL SCREENINGS

Across the land we are receiving an overwhelming response from audiences who are riveted by the message in **GHETTO PHYSICS**. These audiences are energized to make changes in our culture. By hosting a screening of GhettoPhysics you can participate in shifting a consciousness.

Thanks to our viewers, GhettoPhysics is no longer just a film. In September, we are formally launching GhettoPhysics as a social action campaign to empower awareness, challenge limiting beliefs and fully realize one's potential. Hundreds of organizations will participate in a series of small forums which help lead to a cultural and sociological change. Between September 26-October 10th, you can host your screening of the film for FREE! [Read more about it here.](#)

THE RESPONSE

When taken into a theater or classroom setting GhettoPhysics creates robust intrigue - and intellectual stimulation. The conversation is an excellent tool for both students and the public to examine the whole arena of life. Audiences explore where they must play and interplay politically, economically, socially, psychologically, and spiritually to walk together on the same path.
